

Creating a Culture of Service in our Families, in 0 minutes, 5 minutes, a few hours, or ½ day!

Families can do small acts of service in whatever time we have! Service doesn't have to be an event requiring a large block of time. Service that takes "0 minutes" means having things around the home that children can do on their own, or things that we would do anyway: tell stories, read books, sing songs, or post pictures. Choose some topics that create a culture of service in our homes.

	Serving a Neighbor			
0 minutes	Have books in your home about being a good friend and neighbor. (see handout for book ideas)			
5 minutes	Pick a wild flower and take it to a neighbor and see how they're doing.			
A few hours (either Family Night or during the day)	Make a double batch of dinner and take it to someone in need.			
½ day	Clean up a yard or shovel snow for someone in need.
